A SUSTAINABLE, ECO-FRIENDLY, RECOGNITION COLLECTION

The beautiful Mediterranean and Iberian regions of the world can be thanked for producing the natural material, cork. Cork comes from the Cork Oak trees which can live up to 300 years in these areas. Its characteristics of being fire-retardant, buoyant and impermeable make it well suited for many uses. In addition to cork, the collection incorporates steel and coffee-stained walnut - both sustainable materials.

EDGE

A CONSTRUCTION OF RUGGED STEEL & SOLID CORK

Steel's hard, cold image is juxtaposed to the warm, soft appeal of natural cork, yet they have a most important characteristic in common - sustainability. Both materials are recyclable and blend harmoniously in the Edge. Choose a vertical or horizontal presentation to create a recognition award that is edgy and eco-friendly.

	1-5	5-25	25-50		
CK-1000-ST	\$138.73	\$132.12	\$125.83	(C)	8"W X 10"H
CK-2000-ST	\$138.73	\$132.12	\$125.83	(C)	9"W X 5.2"H

HEADS UP

A COMBINATION OF SOLID CORK & INNOVATIVE INLAYS

Heads Up makes an amazing desk accessory or award that is unique and natural. No matter how you roll, your imprint on a steel or coffee stained wood always stays on top with this weighted cork sphere.

BREVE

AN ASSEMBLY OF COFFEE STAINED WOOD & SOLID CORK

As you dive into this deep, rich coffee-stained wood, accented with just the right amount of natural cork, it tells the story of sustainability and eco-friendly choices. This unique and natural hanging plaque offers a classic and sustainable award.

TAGUS

A STRUCTURE OF COFFEE STAINED WOOD & SOLID CORK

Sustainable, natural and eco-friendly all describe this unique award. Tagus takes a stand for sustainability by featuring natural cork embraced in mahogany, with a luxurious, warm coffee stain.
